## Meet a Library Supporter

Tiana Beaupre, Senior

### What is your favorite place in the library?

I like to sit up on the third floor of the stacks. It's super quiet because nobody really ventures up there. Maybe people will start to use the space more now that I'm giving it away, but I'm graduating soon so I guess my spot can be taken over.

### What is your favorite library program/service?

I really love when the therapy dogs come to visit! I feel like it always brightens up everyone's day, and sometimes we all need a little push towards happiness.

### You have your own late-night talk show, who do you invite as your first guest?

Fall Out Boy! This answer will not be shocking to any of my friends. They're my favorite band, and they and their music mean so much to me.

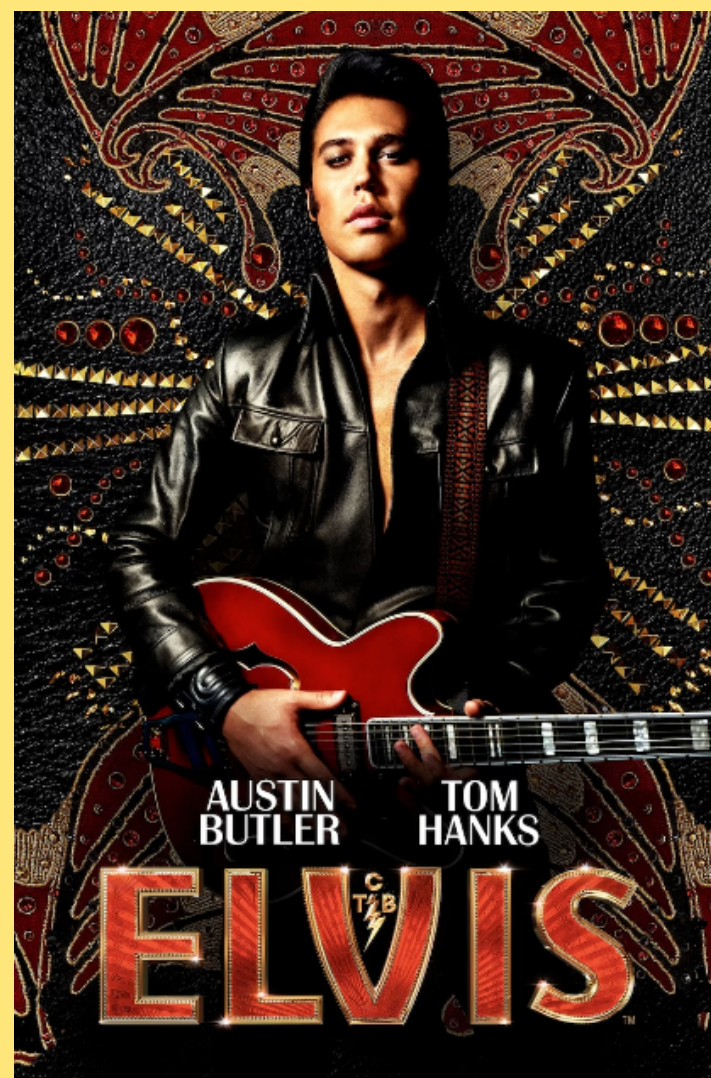

### What are you reading right now?

I recently finished reading *None of This Rocks* by Fall Out Boy guitarist Joe Trohman. It's his memoir and I feel like it's so easy and natural to read. It felt like he was talking directly to me, and almost as if we were longtime friends. I recommend it to anyone interested!

## Staff Pick of the Month

Peter Guevin, ERC Circulation Assistant

Who was Elvis Presley? This new biopic explores the influential rock icon who started out as a highly controversial figure, both as far as prevailing morals at the time as well as race relations. The film is set in a time of upheaval in America, including the assassinations of Dr. Martin Luther King Jr. and Robert Kennedy. Lead actor Austin Butler won the Golden Globe for Best Actor and received an Oscar nomination. Tom Hanks plays the villain(?) as Elvis' manager who was later accused of financial abuse of the star. The film also touches on the dark side of celebrity.
